Make checks payable to "Central Dakota NAVHDA"

Test entry: entries are limited and accepted on a first come, first served basis. Before sending your test entry, contact the test secretary to verify that there are test spots available. Once confirmed, send a completed test entry form along with payment to the test secretary. A fillable test entry form can be found here: bit.ly/3z6j870

Dog eligibility: all dogs entered in NAVHDA tests must be NAVHDA registered with a registration number. Dogs are eligible for a natural ability test up until, and including, the day they reach 16 months of age. Dogs over 16 months may be tested for evaluation if space is available with no prize classifications awarded.

Owner/handler eligibility: effective July 1, 2018, owners (at least one owner of co-owned dogs) and handlers of dogs must be NAVHDA International members to enter a NAVHDA test.

Waiting list: if a test is full you may choose to be placed on a 'waiting list'. A completed test entry form and a check for the test amount is required to be placed on the list.

Running day & order: your preferred running day will be considered but is not guaranteed. All entrants should be flexible so the chapter can fill slots in a way that allows testing of the maximum number of dogs per day. You will be notified in advance the day your dog will run. A few days before the test, a random draw will determine the running

order. The two exceptions to this random draw are: females in heat will run last on each test day, and handlers with more than one dog will not run back-to-back. If your dog comes into heat after the running order is set, please notify the test secretary so the running order can be changed.

Refund policy: your test entry fee will be refunded only if you withdraw from the test *at least 2 weeks* prior to the testing date AND there is a dog on the waiting list that can take your slot. If you withdraw within 2 weeks of the test, your entry fee will not be refunded. If your dog is unable to participate due to an injury, your test entry fee will be refunded after you send a note from your veterinarian to the test secretary.

NAVHDA pedigree: you may want to bring your NAVHDA pedigree to the test so that the judges can record your dog's score at the end of the test.

Lunch: typically provided by the chapter.

What to bring: to make your and your dogs test day more comfortable!
